

ACROSS THE WORLD

Looking across the sky for answers
I only find You
Searching the depth to find the truth
And a freedom that's real
I never knew how good life could be
'Til I met You
Now I've met You everything has changed

Across the world we hear this sound
Of people lifting up Your name
And shouting out aloud
That You are Lord
Every nation come and see
The freedom that is found in Your hand
And all around the world we sing
You are Lord (yes)
You are Lord

To Him be the glory in the generations
Shouting out all across the nations
We sing His praises out
We sing His praises loud
You are Lord (yes)
You are Lord
